TATA MOTORS — FINANCIAL ANALYSIS

Project scope

Consolidated financial performance: FY 2024–25 compared with FY 2023–24
Figures are ₹ crore unless otherwise noted. Ratios are calculated from the figu

Important comparability note

Tata Motors' business structure changed after FY 2024–25. This project uses
FY25 annual report to keep the two-year comparison on a consistent pre-restr
comparison.

Interpretation

FY24 is the base year; growth is calculated for FY25 in the next column.

Revenue grew modestly year on year.

Reported operating profit margin eased in FY25.

Net margin declined; profit for the year was lower.

Below 1.0 in both years, indicating current liabilities slightly exceeded current assets.
Quick ratio excludes inventory; still below 1.0.

Lower value in FY25 indicates less balance-sheet leverage relative to equity.

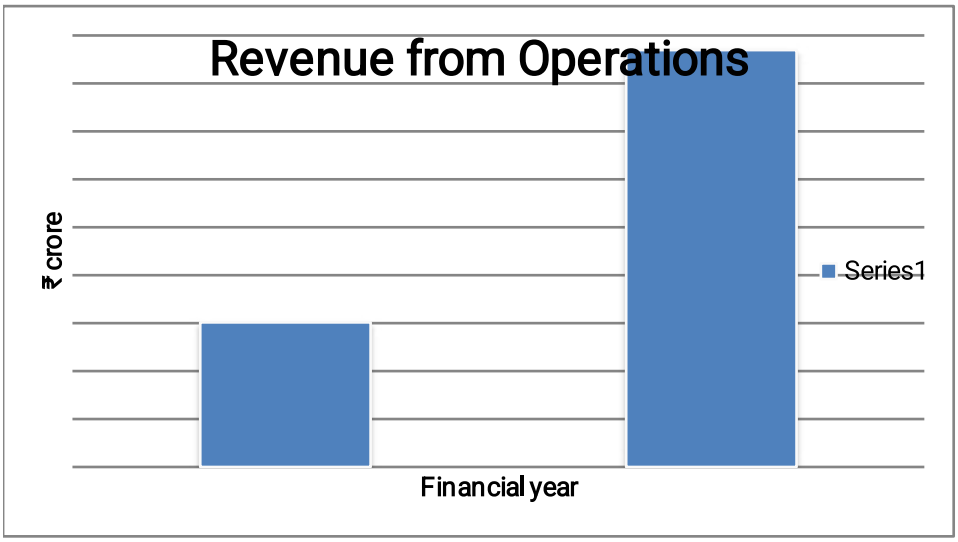

Underlying EBITDA margin fell by 1.0 percentage point.

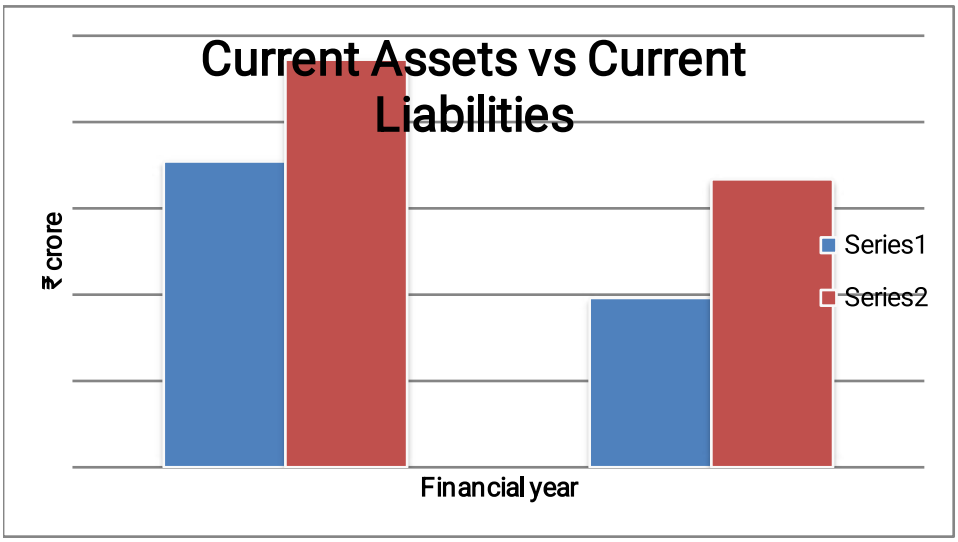

Reported automotive debt/equity improved.

Free cash flow remained positive but decreased year on year.
